

Our Land, Our Water, Our Livelihoods

Thank you Senator Udall, Senator Heinrich, and Congressman Lujan
for introducing the Columbine Hondo Wilderness Act

We applaud your commitment to protecting Northern New Mexico's scenic beauty, clean water, traditional common lands, and recreational opportunities – treasures vital to local tourism and our quality of life. Your leadership will ensure that this bill becomes law and Columbine Hondo will stay forever as it is for our children and grandchildren.
